ABOUT ME

I have good knowledge in javascript, cross-browser compatibility and responsive layout. I have knowledge of React, I use SCSS modules in my projects.

I have a pre-intermediate level of English. Using a translator I can read any documentation I also understand well but I can't speak fluently. I study English 3 times a week now.

I am 24 years old I have no commercial experience in IT. At the moment I have been studying for about 4.5 months.
